

Massachusetts - Public Safety - Radios Tests

3 Nov 2007 - I have combined all of the sme2 info with the scancapecod.us info.

The wiki at [www.scancapecod.us](http://www.scancapecod.us/wiki/index.php/Radio_Tests) has a good list of daily and weekly radio tests.
<http://www.scancapecod.us/wiki/index.php/Radio_Tests> - (2015 - see Scan New England) - [11/12/2018 - see Scan New England at - [tests](#)]

All tests are daily unless otherwise noted.

"Rollcall" means that all mobiles and all portables are tested, unless otherwise noted

11 Oct 2007 - anything with a question mark (?) next to it is questionable

Please see the sme2 group at YahooGroups (and at Google Groups) for more info

Agency - date - time - type of test - frequency - date monitored or reported
(approximate)

Abington FD - ?

Acton FD - 453.175R - daily rollcall - 8AM - Oct 2007 + Sept 25 2012

1 Oct 2008 - Everett
13 Oct 2008 - Framingham
2 Nov 2008 - Leominster
20 Nov 2008 - added time for Harvard Amb
26 Nov 2008 - Dukes County
8 Dec 2008 - Chatham FD - Brewster FD - Falmouth FD - Centerville Osterville FD
16 Dec 2008 - Chelsea
23 Jan 2009 - Acton box tone - Dover FD
15 Feb 2009 - Acton 46.50 test - Lynn Parking
10 April 2009 - Belmont FD weekly - Dist 3 Fire twice weekly
24 April 2009 - Grafton - Bourne - Dudley - Holden - Cranston RI

(please see below for a list of newer updates)

(1 June 2009 - I created this combined file at Google Documents by combining two files from the sme2 files at yahoogroups.com - peter sz)

Radios Tests 3 M-Z

3 Nov 2007 - I have combined all of the sme2 info with the scancapecod.us info.

The wiki at [www.scancapecod.us](http://www.scancapecod.us/wiki/index.php/Radio_Tests) has a good list of daily and weekly radio tests.
<http://www.scancapecod.us/wiki/index.php/Radio_Tests>

All tests are daily unless otherwise noted.

"Rollcall" means that all mobiles and all portables are tested, unless otherwise noted

11 Oct 2007 - anything with a question mark (?) next to it is questionable

List of Radio Tests continues

Agency - date - time - type of test - frequency - date monitored or reported
(approximate)

Malden FD - 6 PM station ID 154.25R - 8 AM 1 beep - 830 AM rollcall all radios 154.25R and 153.83 - 9PM 1 beep - (July 11, 2011 - 3 beeps at 9 PM) - (? maybe Jan 2011 - many radios tested on UHF - 820 AM to 830 AM - check sme2 for specifics) - (June 8 2015 - Monday - 6 PM - 1 beep) - [Monday Feb 5 2018 - 830 am rollcall]
